Last Bell Ministries, PO Box 30671, Indianapolis, IN 46230

Your unique gifts can contribute to loving and restoring orphanage graduates toward life and community. We'd love to serve with you. Here are some areas where we need special help:

Events Mobilizer

Are you hospitable by nature? Maybe you've coordinated some events and can honestly say you enjoy the process. If this describes you, and you want to contribute in a very meaningful way to Last Bell, then let's talk!

Promotional and Fundraising Partner

Maybe you were born to sell, or you like helping people find solutions. We're looking for new and creative ways to promote Last Bell and cultivate relationships with new donors.

ESL Project Guide

This role requires a certain level of commitment, but it won't demand a great deal of time. If project management is in your blood, let's talk about how you might become an incredible blessing to hundreds of Ukrainians who want to learn English and Americans who want to help!

Researcher/Data Collector

Do you love the process of measuring a ministry's impact? We're looking for someone to work with outcomes measurements, data collection, and surveying. This person would help us set up a long-term system for collecting data and sharing it with our supporters.

Seasonal US Intern

Students or recent grads, we're seeking enthusiastic young people to serve 10-20 hours/week through either the summer or the school year helping Last Bell advance our mission. Working remotely would be fine for most of these hours!

Stop the Cycle Support Crew Leader

Do you want to have a direct, tangible impact on orphan-led families? STC crew leaders mobilize networks of families, neighbors, and church groups to donate children's clothing, then manage seasonal shipments to Zhytomyr, partnering with our U.S. team on logistics.

Crafts Master

We're seeking someone passionate about crafting and helping others. Have a great time helping Last Bell gather craft items and keep the flow going from the U.S. to Ukraine! We use crafts year-round: not just at summer camps, but also with trade school youth at the Support Center and with moms and young kids in our Stop the Cycle program.
